

# Submissions for Rural Research Poster Presentation

We are organizing a rural research poster session at the Society of Rural Physicians of Canada's Rural and Remote Medicine Course.

Poster presentations will be held April 7<sup>th</sup> 2017 at the Telus Convention Centre, Calgary Alberta.

Poster proposals must include a clear research purpose, objectives, methodology, summary of the research results and conclusion. Posters will be judged on rural relevance, research methodology, impact, clarity of presentation and ability to answer questions regarding your research.

Posters are restricted to a width of 4 feet and height of 3 feet.

Students and residents will each have the opportunity of being awarded for the best student/resident research poster. Winners will win the equivalent of \$500 credited towards attending the conference.
