

28TH ANNUAL EMERGENCY MEDICINE FOR RURAL HOSPITALS

A PROGRAM FOR PHYSICIANS AND NURSES

FRIDAY EVENING
TO SUNDAY

January 20-22, 2012

Banff Park Lodge
222 Lynx Street
Banff, Alberta, Canada
1 (800) 661 9266
www.banffparklodge.com

COURSE OVERVIEW

This program is designed for physicians and nurses in rural hospitals. Through a combination of plenary lectures, concurrent sessions and hands-on/demo workshops, participants will review current issues in management of patients presenting to rural emergency departments.

NOTE Concurrent sessions have limited registration.

REGISTER EARLY TO AVOID DISAPPOINTMENT

COURSE OBJECTIVES

Learners will:

- develop assessment, investigation and treatment skills for urgent and emergency patient presentations appropriate to the rural setting
- identify patients who can be optimally managed in a rural setting and those who require transfer to a larger centre
- participate in interprofessional learning through information exchange

ASSOCIATED PRE-COURSES

Advanced Cardiac Life Support Course

Thursday evening & Friday
JANUARY 19-20, 2012 – Banff, AB
Registration form on www.cme.ucalgary.ca

Rural Anesthesia for GP Anesthesiologists

Friday JANUARY 20, 2012 – Banff, AB
Brochure and registration form on
www.cme.ucalgary.ca

PRE-COURSE

Best Practices for Emergency Care of Burns

Friday afternoon JANUARY 20, 2012 – Banff, AB
Brochure and registration form on
www.cme.ucalgary.ca

Rural Critical Care

Friday JANUARY 20, 2012 – Banff, AB
Information and registration at Society of
Rural Physicians of Canada: www.srpc.ca

Endoscopy Skills Day for Practicing Endoscopists

Saturday evening JANUARY 21 &
Sunday JANUARY 22, 2012 – Banff, AB
Brochure and registration form on
www.cme.ucalgary.ca

*Office of Continuing Medical Education
and Professional Development*

Creating the future of health

COURSE OUTLINE

FRIDAY JANUARY 20, 2012

- 1800 Registration
- 1845 OPENING REMARKS
Greetings from Course Chairs
Steven Douglas, Jan Kautz
Greetings from the Continuing Medical Education and Professional Development Office
- 1900 SHORT SNAPPER
“Reading the Faces” of Patients in the Emergency Department
Glenna Trout
Get a glimpse into the thought patterns and emotions of your patients.
- 1930 KEYNOTE
ED Stories: Tales from a Quarter Century of Friday Nights
Bruce Campana
Lessons learned from those difficult cases that present on a typical Friday night.
- 2030 Reception
An opportunity to socialize and network with your colleagues while enjoying a wine and cheese reception.

SATURDAY JANUARY 21, 2012

- 0730 Continental Breakfast / Late Registration
- 0800 Welcome / Announcements
- 0815 PLENARY
GI Emergencies – “I Have Belly Pain”
Chad Ball
Sorting out what is causing the pain – tips and clues to diagnosis belly pain.
- 0850 PLENARY
Staying Out of Trouble
Gordon Wallace
Predictable situations which cause a dilemma for ED practitioners, particularly around discharge.
- 0925 PLENARY
Sepsis – Failure to Suspect, Failure to Detect
Marc Francis
Recognizing the subtle signs of sepsis.
- 1000 Nutrition Break

CONCURRENT SESSIONS

1030, 1135, 1330, 1435, 1540

Each concurrent session is 50 minutes long with 15 minutes for travel to the next session – lunch is 1230 to 1330.

REGISTER EARLY TO ENSURE YOUR CHOICE OF WORKSHOPS

Concurrent sessions have been identified as designed for physicians/nurse practitioners, nurses or both (multi-disciplinary).

The focus of the GROUP A sessions is for the identified health professionals, although other disciplines are welcome to attend.

GROUP B (hands-on/demo) workshops are restricted to the identified health discipline group. Due to the hands-on and/or demo component and limited capacity of certain sessions, participants will be assigned to a maximum of two of the workshops in GROUP B.

Most sessions will be held at the Banff Park Lodge, although some GROUP B workshops will be held at the Mineral Springs Hospital next to the hotel.

GROUP A

- A1. Hepatobiliary Emergencies (PHYSICIAN/NP FOCUS)
Chad Ball
Zeroing in on common bile duct issues and ruling out AAA.
- A2. The Intubated Patient in the Rural ED (PHYSICIAN/NP FOCUS)
Gavin Parker
Meeting the challenge of managing intubated patients and transfer/transportation issues unique to the rural environment.
- A3. ENT Emergencies (PHYSICIAN/NP FOCUS)
Brad Mechor
Acute intervention for epistaxis and peritonsillar abscess.
- A4. Imaging Modalities for the Abdomen (PHYSICIAN/NP FOCUS)
TBA
What are the most appropriate imaging modalities for commonly encountered cases of abdominal pain.
- A5. Ocular Trauma (PHYSICIAN/NP FOCUS)
Jamie Bhamra
Focus on approach to initial examination of eye injuries.
- A6. Empiric Antibiotics for Acute ED Presentations (PHYSICIAN/NP FOCUS)
Donna Holton
Common case scenarios in rural practice.
- A7. Ready or Not – Here Comes Retirement (PHYSICIAN/NP FOCUS)
Vincent Hanlon
Whatever happened to “Freedom 55”? This presentation on retirement, beyond the financial aspects, will look at one of our most important career transitions.

COURSE OUTLINE

SATURDAY JANUARY 21, 2012 – cont'd

- A8. Obstetrical Emergencies: Walking a Tightrope Without a Safety Net (PHYSICIAN/NP FOCUS)
Virginia Clark
Recognizing and managing serious conditions when a pregnant woman presents to the ED.
- A9. Current State of the Art Care for Patients with Congestive Heart Failure (MULTI-DISCIPLINARY FOCUS)
Adam Oster
What's new in treating CHF; what to do when the patient arrives with a CPAP device.
- A10. Five Infectious Disease Things That I Didn't Know About That You Might Find Useful (Unless You Already Know About Them) (MULTI-DISCIPLINARY FOCUS)
Bruce Campana
A literature review of a few of my favourite infectious disease topics.
- A11. Initial Management of DKA in the ED (MULTI-DISCIPLINARY FOCUS)
Colleen Brayman
Commonalities and differences between adult and pediatric presentations.
- A12. Lessons Learned from STARS (MULTI-DISCIPLINARY FOCUS)
Scott McTaggart, Bruce Parsons
Tips and tricks for patient stabilization in preparation for transport.
- A13. Mindfulness in the ED (MULTI-DISCIPLINARY FOCUS)
Daniel Banmann
Explore the simple yet profound technique of moment to moment attention in the management of your daily stressors and the enhancement of compassion and cognitive skills in the ED.
- A14. Solving the Puzzle of Rural Trauma Cases (MULTI-DISCIPLINARY FOCUS)
Kevin Martin, Theresa Pasquotti
Discussion of challenging cases and reexamining the interventions based on recent research.
- A15. Speaking in Tongues: Conversations in the Medical Tower of Babel (MULTI-DISCIPLINARY FOCUS)
Marc Chernwichan, Vincent Hanlon
An honest and open exploration of the myriad of communication problems faced daily on the front-line in the ED, and how to deal with them.
- A16. Period of Purple Crying – Understanding Normal Infant Crying and its Link to Shaken Baby Syndrome (MULTI-DISCIPLINARY FOCUS)
Sharron Lyons
A new way to understand a baby's crying – evidence-based material that links crying with Shaken Baby Syndrome; learn what to say to parents/caregivers and how to help them through this very frustrating period without injury to the infant.
- A17. It's All About Face – Seeking Clues Beyond the Mask (NURSE FOCUS)
Glenna Trout
As we age, our thought patterns and emotions become etched into our faces. This session will help you to improve your understanding of your patients and co-workers by developing and using face-reading tools.
- A18. Mechanism of Injury – An Important Primary Modifier in a CTAS Score (NURSE FOCUS)
Alexis Mageau
Gaining understanding about the importance of mechanism of injury through exploration of case examples.
- A19. Becoming Confident in Reading an ECG Monitor (NURSE FOCUS)
Susan Bengivingo
What is the best lead to monitor a patient?
- A20. Catching Sepsis Patients Before They Slip Through the Cracks (NURSE FOCUS)
Patricia Morkin, Jan Kautz
Real cases which can serve as exemplars for identifying red flags and follow-up action.
- A21. Respiratory Care to Keep our Patients Breathing (NURSE FOCUS)
Jennifer Drover
What nurses need to know about oropharyngeal airways, oxygenation, supraglottic airway tubes, laryngeal mask airways, CPAP and end-tidal CO₂.

GROUP B – Hands-on and/or Demo Workshops

Participants will be assigned to a maximum of two of the workshops in GROUP B. Priority will be given to those registering early. The remainder of sessions assigned will be from your GROUP A choices.

- B1. Intraosseous Access: New Tools to Help with an Old Skill (PHYSICIAN/NP ONLY)
Steven Douglas, Cathy Dobson
Practice your IO needle insertion techniques. Become familiar with the new drills available, making the procedure very quick, very simple and applicable to a much wider age range of patients from pediatric to adults.
- B2. Advanced Suturing Techniques in the Rural ED (PHYSICIAN/NP ONLY)
Thomas Sinclair
Focus on extensor tendon repair and other common plastic surgery problems.
- B3. Casting, Splinting and Reduction Techniques (PHYSICIAN/NP ONLY)
Wayne Sefcik, Greg Buchko, Ian Wishart, Dawne Smith-Lewis
Practical hands-on management tips for common orthopedic injuries.
- B4. Ophthalmology Emergencies: Examination Techniques (PHYSICIAN/NP ONLY)
Jamie Bhamra, Gordon Douglas
Overview of common eye emergencies and practical skill development for ocular examination and treatment including use of slit lamp.

COURSE OUTLINE

SATURDAY JANUARY 21, 2012 – cont'd

- B5. Dental Emergencies (PHYSICIAN/NP ONLY)
Robert Jost
Focus on dental blocks and individual tooth blocks.
- B6. Airway Management (PHYSICIAN/NP ONLY)
Ian Wishart, Gavin Parker, Murray Lee
This session will comprise of stations focusing on assessment of the airway (regular versus difficult) in adults and children, adjuncts for difficult airway (Lighted Stylet, Bougie, LMA) and RSI intubation controversies.
- B7. STARS Human Patient Simulator (MULTI-DISCIPLINARY FOCUS)
David Allison, Mark Mackenzie
The STARS (Shock Trauma Air Rescue Service) mobile Human Patient Simulator replicates complex medical and traumatic problems. This session will focus on cases involving the need for transport.
- B8. Pediatric Human Patient Simulator (MULTI-DISCIPLINARY FOCUS)
Gavin Burgess, Ashley Kempin
The pediatric patient simulator will help healthcare professionals to develop and enhance the skills required to provide medical assessment and treatment of children. In this workshop, participants will work through common emergency pediatric presentations.
- B9. Nasal Packing (MULTI-DISCIPLINARY FOCUS)
Brad Mechor
Preparing, packing and monitoring the patient with epistaxis – who does what?
- B10. Thinking Out Loud During Pediatric Trauma Assessment (NURSE ONLY)
Laura Fowler, Jenn Coughlin, Deb Currie
Gaining practice with guided recording during a case based scenario.
- B11. Emergency Deliveries for Nurses (NURSE ONLY)
Virginia Clark
Obstetrical scenarios nurses may attend to in the rural ED including delivering a baby when the doctor isn't present, how to tell if breech or cephalic presentation and managing bleeding episodes pre- and post-labour.
- B12. Potpourri of Important Skills for the Rural ED Nurse (NURSE ONLY)
Thora Barnes, Renée DeCosse, Charlene Hutchinson
Measuring for hard collar application, measurement and application for Aspen collar, introsseous insertion and maintenance, implementing ACLS hypothermia protocol.

- 1700 **Rural Nurses Networking Opportunity**
Are We a Community of Practice?
SPEAKER/FACILITATOR – *Barb Shellian*
All nurses are welcome to join us for a facilitated discussion. Let's strengthen the Community of Practice of Rural Nurses by promoting best practices!
- 1700-1900 **Alberta Section, Society of Rural Medicine**
CHAIR/HOST – *Allan Garbutt*
(appetizers and refreshments will be provided)
Annual General Meeting
Presentation – The Changing Face of Primary Care in Alberta
Guest Speaker from Alberta Medical Association

SUNDAY JANUARY 22, 2012

- PEDIATRICS IN THE RURAL EMERGENCY DEPARTMENT
Sunday morning short snapper and plenary sessions will focus on managing pediatric patients in the ED – what are the challenges; what is vital to know; new management guidelines and treatments.
- 0730 Continental Breakfast
- 0800 Course Announcements
Steven Douglas, Jan Kautz
- 0805 SHORT SNAPPER
Concussions Presenting in the ED
Christine Kennedy
How the pediatric patient presents in the ED; discussing return to play with parents.
- 0830 SHORT SNAPPER
Key Concerns with Procedural Sedation for Children
Christine Kennedy
Making the choice between Ketamine, Propofol and Ketafol.
- 0900 PLENARY
Acute Pediatric ENT Presentations
Warren Yunker
Enhancing your ability to recognize common problems; best treatment options; monitoring and referral recommendations.
- 0955 Nutrition Break
- 1010 PLENARY
Management of Pediatric Trauma in a Rural Setting
TBA
Differences – rural vs urban; pediatrics vs adult.
- 1105 PLENARY
Cases that Scare the Heck out of Rural Practitioners
Edward Les
Potpourri of pediatric cases that present in the ED that could and should concern you.
- 1200 Closing Comments / Evaluations

FACULTY

David Allison EMT-P

STARS Mobile Simulator Program Leader;
Paramedic – Calgary, AB

Chad Ball MD FRCS

Specialist, General Surgery; Clinical Assistant
Professor, Departments of Surgery & Oncology,
University of Calgary – Calgary, AB

Daniel Banmann MD CCFP(EM) FCFP

Emergency Physician, Chinook Regional
Hospital; Assistant Clinical Professor,
University of Alberta – Lethbridge, AB

DISCLOSURE OF POTENTIAL CONFLICTS OF INTEREST In keeping with accreditation guidelines, speakers participating in this event have been asked to disclose to the audience any involvement with industry or other organizations that may potentially influence the presentation of the educational material. Disclosure may be done verbally or using a slide prior to the speaker's presentation.

GENERAL INFORMATION

ACCOMMODATION

Registrants must make their own accommodation arrangements. A limited number of rooms have been held until December 20, 2011 at the rate of \$119.00 per night plus taxes (hotels are subject to the 2% Tourism Improvement Fee, 4% Alberta Tourism Levy and 5% GST).

Please indicate you are with the University of Calgary Emergency Medicine course to obtain this rate. (To stay pre- or post-conference, please call the toll free number.)

Banff Park Lodge

Toll Free 1 (800) 661 9266

Book On-line www.banffparklodge.com

(select 'Reservations' then 'Make a Conference Reservation'; enter ID # 15927 and password # 450)

see www.banfflakelouise.com for additional accommodation

TRANSPORTATION

Air Transportation

All major airlines fly into Calgary International Airport.

Banff Airporter Shuttle

To receive a reduced rate, book your shuttle by phone or on-line and indicate you are with the University of Calgary CME course.

Phone (403) 762 3330 ext #1

Toll Free 1 (888) 449 2901 ext #1

www.banffairporter.com/conferences-cme

Car Rentals

Car rental agents at the Calgary International Airport can be found at www.calgaryairportcarrental.net/calgary.

DRESS

Dress is business casual. Sweaters or items of clothing that can be layered are recommended since temperature in the venue may fluctuate.

REIMBURSEMENT OF REGISTRATION FEES

Physicians may be eligible for reimbursement of registration fees and expenses to attend CME courses from a fund administered by the Alberta Medical Association. For more information regarding this, please call the AMA at (780) 482 2626 or 1 (800) 272 9680.

COURSE CANCELLATION POLICY

The Office of Continuing Medical Education and Professional Development reserves the right to cancel the course if there are insufficient registrations.

CONFIRMATION OF REGISTRATION

Confirmation of registration will be in the form of a tax receipt. No other confirmation will be sent. Please allow 2 weeks for registration processing.

REFUND POLICY

A registration refund will be made upon written request on or prior to January 8, 2012. However \$45 will be retained for administrative costs. No refund will be made for cancellation after January 8, 2012.

NOTE: Refunds are processed only on the return of original receipt.

All receipts must be returned within 30 days after program date.

ACCREDITATION

The University of Calgary – Office of Continuing Medical Education and Professional Development is fully accredited by the Committee on Accreditation of Canadian Medical Schools (CACMS).

STUDY CREDITS

This program meets the accreditation criteria of The College of Family Physicians of Canada and has been accredited for up to 11.75 MAINPRO-M1 credits.
