## ABOUT THE SRPC AND RURAL & REMOTE

The SRPC is a national organization with over 3,000 members, primarily physicians working in rural and remote regions of Canada. The goal of the Society is to promote sustainable working conditions for rural healthcare workers and to assure provision of equitable healthcare for the people living in rural and remote parts of Canada. Provision of peer-lead continuing medical education is one of the main ways we do this.

This April, the Society will be holding its 20th Annual Rural and Remote Medicine Course. The course will attract over 500 rural physicians and provide 3 days of solid CME.
