SESSION 249

## SRPC Reads

Join us for the inaugural meeting of the SRPC Book Club. We only meet once a year, but like every good book club, we'll talk about books and enjoy good fellowship. This year, we will discuss books from CBC's Canada Reads. Read one, read none or read them all – it doesn't matter! Come out for a lively and engaging chat about books, Canada Reads and Canada's literary landscape.

Participants will have the opportunity to:

1. Engage in a wellness-related activity to enhance their experience at the conference.
2. Reduce practice-associated isolation and encourage social bonds with fellow book club members.
3. Build a sense of continuity from one conference to the next through an annual session.
