27TH ANNUAL RURAL AND REMOTE MEDICINE COURSE  
Halifax Nova Scotia • Halifax Convention Centre  
APRIL 4 - 6, 2019

Dr. Sandy Macdonald

## SESSION 253

### Anesthesia Trouble Rounds (GPA)

This interactive session for GP Anesthetists will focus on 2 real anesthetic cases which presented a variety of challenges. Participants will be led through the case in a step by step fashion and encouraged to share their approach to the clinical challenges presented by the case at each stage of the management of the case.

1. Participants will gain a new perspective on management of challenging cases in rural GP anesthesia.
2. Participants will have the opportunity to share their typical approaches to challenging cases in rural GP Anesthesia.
3. Participants will gain an understanding of anesthetic practice in a remote Arctic hospital in Canada.
