APRIL 4 - 6, 2019

Dr. Shannon MacPhee

SESSION 387

TRanslating Emergency Knowledge for Kids (TREKK) Update and Resources

A look at what TREKK has to offer to the busy and stressed emergency provider.

1. To debunk the adage that “kids are just small adults”.
2. Recognize that children have unique medical needs that may be challenging for emergency care providers.
3. Demonstrate the clinical tools available to emergency providers through TREKK.
4. Understand the rigor that goes into the resources available on trekk.ca website.
