

RURAL RESIDENCY TOUR — PROGRAM FAIR FOR MEDICAL STUDENTS

Medical Students at all stages of training are highly encouraged to attend this event showcasing Rural and Remote Family Medicine Residency Programs across Canada. Programs will have booths setup for medical students to visit, and students will rotate through in a 'speed-dating' style. Programs will have current residents, faculty and/or support staff available at their booths to present the unique aspects of their program. This event is immediately followed by the Student/Resident/Mentor social.

1. At the conclusion of this activity, participants will be able to catalogue the variety of rural and remote Family Medicine residency programs operating in Canada. 2. At the conclusion of this activity, participants will be able to identify residency programs that are suited to meet their individual learning goals.
