RURAL LOCUM FORUM: *SUPPORTING RURAL - OUR COLLEAGUES + COMMUNITIES*

FEB 25 (SAT) MAIN CONFERENCE

THU & FRI - PRE CONFERENCE COURSES & DINNER

SUN - POST CONFERENCE CORUSE

VANCOUVER ISLAND CONFERENCE CENTRE

NANAIMO, BC

WHO SHOULD ATTEND

- Rural locums
- Rural physicians
- Physicians or residents interested in becoming a rural locum
- Representatives from rural communities that frequently host locums

OVERVIEW

The 3rd annual Rural Locum Forum will bring together rural BC locums, recent medical graduates, experienced physicians, and rural leaders to share experiences, case-based expertise, and ideas for innovation. Discover the advantages of rural locuming, enhance rural practice skills, and be part of a unique group of rural health professionals!

PRE CONFERENCE WORKSHOPS

BLS: Basic Life Support

Feb 23 (Thu)
1800-2200
Vancouver Island Conference Centre
MAX: 12

BLS is for those who, as part of their job description as healthcare providers, have a duty to respond to medical emergencies. Examples include healthcare professionals (i.e., doctors, nurses and paramedics), respiratory and pulmonary technologists, physiotherapists and occupational therapists, dentists and dental hygienists, and student/educators in health-profession education programs.

Self-directed
credits only Fee: \$55

CASTED: Emergency: The 'Hands-On' ED Orthopedics Course

Feb 24 (Fri)
0800-1730
Vancouver Island Conference Centre
MAX: 24 participants per course
Registration: casted.ca/schedule (Find the Nanaimo course, and click 'Register')

CASTED: Emergency is the 'hands-on' orthopedics course for ED physicians and staff. CASTED is high-yield, clinically focused, and immediately applicable. Cases will show you how to diagnose and manage your MSK patients more accurately - what is common, what is commonly missed, and what is commonly mismanaged! Hands-on demonstrations and practice will give you more confidence with the essential ED skills of reducing, immobilizing and moulding! By the end of the day you'll have significantly improved ED orthopedic knowledge and skills for use on your next shift!

The CARE Course—for Rural Locums

Feb 23-24 (Thu-Fri)
0800-1800
Vancouver Island Conference Centre
MAX: 24 (8 Physicians, 8 Nurses, 8 Paramedics)

The CARE Course (Comprehensive Approaches to Rural Emergencies) is an education package and community of rural emergency medicine providers. Medical, trauma and obstetric emergency management are featured. The focus is appropriate to the realities of rural practice and will provide attendees with the skills they need in the Emergency Department. Further information on The CARE Course can be found at www.theCAREcourse.ca

HOUSE INTENSIVE COURSES

To facilitate more hands-on workshops, the HOUSE instructors will lead two concurrent sessions within the main conference on Sat Feb 25th before the all-day HOUSE Course (Ultrasound for Trauma) on Sunday Feb 26.

Note that there is an additional cost to attend these workshops and you will be in another room, so not able to attend all main conference sessions.

HOUSE Intensives Overview

Feb 25 (Sat)

A) eFAST

1030 AM - 12:30 PM (2 hours in duration)

MAX:16 participants

Additional Fee: \$350

2.0 Mainpro+

The session will include POCUS for cardiac (subxyphoid view), abdomen (right upper quadrant, left upper quadrant) and pelvis. The intensive will offer lots of hands-on scanning time and is expected to markedly improve scanning competency.

B) MSK

1310-1425 PM & repeats at 1445-1600 PM

MAX:16 participants per one hour session

You can register for one MSK session.

Additional Fee: \$175

1.25 Mainpro+ per session

The session will include scanning of tendons, joints, fractures, abscess & foreign body, shoulders, hips, eye, and peripheral veins.

POST CONFERENCE COURSE

HOUSE: Ultrasound for Trauma

Feb 26 (Sun)

0830-1700

Vancouver Island Conference Centre

MAX: 16 participants per session

Fee: \$1500

21.0 Mainpro+ (2 credits/hour)

- Hands-on practice on live models.
- Opportunity to practice procedural skills on simulated models.
- Low student to instructor ratio (2:1) for more hands-on time.
- Course instructors are a mix of experienced academic EM physicians, rural EM physicians, and ultrasound techs.
- Prior to the course, learners must complete theoretical knowledge modules and readings online.
- Innovative and adaptable content meets the needs of your community.
- The course module includes eFAST, cardiac (subxyphoid view), pneumothorax and lung point, vascular access, central and peripheral lines, and long bones for fracture.
